How The Party Works: Guests may arrive up to 15 minutes before the party Start Time, but please no sooner. When you arrive, you will meet with your party host who will also be the field referee for the duration of the party. They will spend the first 30 minutes explaining the game play, passing out equipment, teaching the players how to use it, and setting up a photo op if requested. This is followed by 30 minutes of laser tag play. The party then breaks for pizza, soda & chips. (Aside from the included food, you are welcome to bring extra drinks and snacks into your reserved party space.) When the players are done eating, they will go back out 30 more minutes of laser tag play or Squirt Tube Frenzy. If the Major party is chosen, the third activity will take place next. Lastly, guests will have 30 minutes back at the party area for cake and gifts. (We leave bringing the cake up to you, but we also have the ice-cream cone option instead or as an add-on - available seasonally). 15 minutes are allowed to pack up before the arrival of our next party. (Manager reserves the right to change the order of events based on conditions at time of party.)

IMPORTANT: Before mailling in your planner form, please call to discuss available party slots. Availability for a specific date and time is not guaranteed until confirmed by a party coordinator.
